Product Details

About This Product

This 48 cu.ft. capacity NSF certified commercial reach-In freezer is crafted with high quality 430 and 304 stainless steel; this item will keep all your kitchen ingredients cooler and fresher. The LED lights included will help you keep track of inventory. Designed with self-closing solid stainless steel door, this unit is easy to clean and will withstand heavy-duty restaurant tasks. Bottom-mounted compressor circulates with environmentally friendly R290 refrigerant. Operating under 110 V electricity, controlled by digital thermometer display and knob, it is easy to adjust the temperature from -22°C to -18°C (or -8°F to 0°F), according to your need. This 751 W cooler saves your electricity bill. You can use this freezer for storing your freshly made food such as meat, fish etc. in any indoor environments-restaurant, cafe, bakery, bar, grocery store, or even you're in your garage. The NSF Commercial Reach-In 2 Door Freezer XB54FF is a comprehensive and high-performance freezing equipment, making it an ideal choice for the foodservice industry.

Highlights

- Dimensions : 54 in. W x 32 in. D x 82 in. H
- 4 Lockable castor wheels to help move around and 8 heavy duty PVC coated shelves easy to slide in and out and maintain
- Dual Door Design: Featuring a two-door design for easy organization and storage of ingredients, providing ample storage space.
- Efficient Cooling System: Equipped with advanced cooling technology to rapidly cool down, ensuring optimal freshness and texture of ingredients.
- Temperature adjust range holds between -8°F to 0°F (-22°C to -18°C)
- Digital Temperature Control: Equipped with digital temperature control system for precise control of freezer temperature, ensuring optimal freezing performance.
- Heavy duty casters: included are 4 casters with 2 front locking casters enabling easy movement of the product for cleaning or maintenance
- Environmentally Friendly Refrigerant: Utilizes environmentally friendly refrigerants, meeting environmental standards and reducing harm to the ozone layer.
- Voltage: 115-Volt/60 Hz/7.65 Amp/751-Watt
- Sealed Door Design: Doors are tightly sealed to prevent air leakage, saving energy.
- LED Interior Lighting: Built-in LED lighting system provides bright and even illumination, facilitating ingredient retrieval.
- Stainless Steel Exterior: Constructed with high-quality stainless steel exterior, durable and easy to clean, meeting hygiene standards.
- Economical and Energy Efficient: Designed for energy efficiency, reducing energy consumption and operational costs while minimizing environmental impact.
- 3 years parts warranty and 6 years compressor warranty
- ETL , NSF Certification: Compliant with NSF standards, ensuring product quality and safety.

Product Details

About This Product

The Cooler Depot DXXD55F reach-in commercial freezer is designed to suit the needs of any business who needs optimal performance without sacrificing design. Its' two doors are accented with high-quality brushed stainless steel for both the interior and exterior to fit a variety of decors. Recessed door handles allow for clean styling and better ergonomics. The heavy-duty 1-1/3 compressor is bottom mounted for excellent efficiency and better cooling. Digital controls fine-tune the desired interior temperature. Self-closing doors free up your hands for added convenience and ease of use. Auto-defrosting provides lower energy costs and colder temperatures. The included 8 shelves can be adjusted or removed for flexibility and maintenance. Easily move and position with four swivel casters.

Highlights

- Dimensions (W x D x H): 55 in. x 33in. x 81 in
- Full stainless-steel interior and exterior
- High resistance to dust, high quality condenser
