

To the Newberry Springs Directors and staff:

Newberry Springs 3rd of July celebration in the park is always the pride of Newberry. This year was no exception. Thank you.

The festival is low key, fun and well attended

Good food and a chance to catch up with folk we don't see every day

Our fireworks are legendary

A good indication of a successful event

Sitting at the corner of National Trails Highway and Newberry Rd, I counted 620 vehicles leaving the area after the fireworks. I did not count the many cars at the post office area.

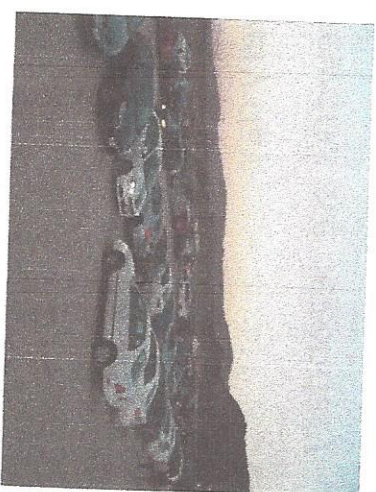

But, where did all those cars park?

Those who couldn't find parking in the street.
trespassed on private property.

"But, we always use these properties for parking"

The property east of the ball field and the property north of the American Legion are the two private properties traditionally used for overflow parking.

Both properties are for sale.

What will happen to our festivals if the new owners refuse to allow parking?

This is an issue for this board to address

I am asking this board purchase the property east of the ball field to assure adequate legal parking?

Respectfully submitted to the Newberry Springs CSD Board 7/25/2017 Paul Deel
