December 5<sup>th</sup> – Attended Planning Commission Meeting in San Bernardino regarding the Lake Dolores and Samra Convenience Store projects. We started researching Lake Dolores Water Supply Assessment Report.

December 10<sup>th</sup> – I attended and provided transportation for 2 residents to Daggett Solar Project Appeal at Board of Supervisors Meeting in San Bernardino.

December 11<sup>th</sup> – MWA Technical Advisory Committee member advised me on how to calculate the water available for Lake Dolores. He sent the calculations to me after double checking with Watermaster.

Attended CSD Luncheon – Yermo CSD is looking for a General Manager.; County Road is crack sealing on Newberry Road and will take the ridges down when weather is warmer. MWA Directors Jeanette Hayhurst and Jim Ventura were present. I asked what happens when Free Production Allowance is ramped down to 0. Jim Ventura answered -- you buy water.
